

Dear PAH Clients,

After 28 years and a lot of soul searching I have come to the decision that we at Pembroke Animal Hospital will no longer be covering after hour emergencies. We would like to be available at all times but given our size and manpower it is much harder to cover our own emergencies. As of September 15, 2017, we will be referring your emergency needs to the following hospitals:

- Angell 617-522-5272
- VCA Weymouth 781-337-6622
- New England Animal Medical Center 508-580-2515
- Cape Cod Veterinary Specialists 508-759-5125

Thank you for your continued support,

Dr Teixeira
